

**SANJAY GANDHI POSTGRADUATE INSTITUTE OF MEDICAL SCIENCES, LUCKNOW.**

Ref. No. PGI/DIR/RC/

/2009

Dated : 04.03.2009

**Call for Proposals for Intra-mural Research Funding.**

Projects are invited from all the faculty members for new proposals for 2009-2011. Projects should be developed with well defined objectives that can be completed in 24 months (Two years). These are specifically meant to generate pilot data or innovative technology development. Preference will be given to younger faculty. Kindly submit **12 hard copies and a soft copy on CD (Project will not be accepted without the soft copy)** in the enclosed format. The projects must reach the **office of the Senior Research Officer latest by 15.4.2009.**

Kindly note the following while submitting the project:

1. The project duration shall not exceed two year.
2. The budget shall not ordinarily exceed 3 lakhs. Exceptions will be considered only for outstanding, innovative projects. The budget should be given in detail with full justification for all items.
3. Senior Residents, Pool Officers and PhD students, Research Associates or Paramedical staff cannot be co-investigators. **(Only faculty members of this institute shall be Principal Investigators or Co-investigators).**
4. Projects should be discussed in the department and forwarded by the **regular HOD.**
5. Collaborative projects involving more than one department should be discussed with all participants. Only those actually involved in the work should be co-investigators.
6. Investigators who have not submitted final report of previously sanctioned projects will not be considered for fresh project.
7. Once sanctioned, the PI will not be allowed to avail of leave of more than 3 months without making appropriate arrangements for the work to be completed.
8. The annual report of the sanctioned project will be presented by the PI during the Research Committee meeting.
9. The project should not have been sent to extramural funding agencies or should not be send to extramural funding agencies.
10. No intramural project will be considered till the PI has completed his/her previous intramural project and submitted manuscript.
11. All presentations made before the committee should be structured and consist of 8 slides for new projects and 5 slides for progress report of old projects.
12. All the proposals should be statistically reviewed by the HOD, Biostatistics before submitting for intramural funding.

**Important Note:** Each section should start on a new page. All the points should be filled in.
