Invitation

Dear Colleagues,

We on behalf of the organizing committee of the **13th Postgraduate Course in Endocrine Surgery**, take great pleasure in extending a warm invitation to attend this course to be held in SGPGIMS, Lucknow from 6th - 9th September, 2017. The department of Endocrine Surgery has been conducting the Postgraduate courses biennially since 1993. The theme of the 13th PGES course is "Aesthetic Approaches in Endocrine Surgery".

The importance of technology can't be overemphasized in the field of Endocrine Surgery. Management of Endocrine tumors has been a comprehensive multi-disciplinary approach and integration of state of arts technological advances has been a key feature of this subspecialty since its inception. Recent technological advances in the fields of radiodiagnostics, nuclear medicine, hormone assays, surgical instrumentation and molecular biology have greatly influenced the way we deliver health care to a patient with endocrine tumors. During the course the emphasis would be on practical application of the contemporary technology in management of endocrine tumors via interactive sessions, live and video demonstrations and interesting case discussions.

This comprehensive program is intended not only for postgraduates and young faculty members in Endocrine and General Surgery but also to widen horizons of established endocrine surgeons, onco surgeons & general surgeons with special interest in endocrine surgery, and postgraduate working in allied specialties eg: Medical Endocrinology, Nuclear Medicine, Radiodiagnosis and pathology.

Come join us and for an exciting time both academically and socially.
