Revised METHOD OF SELECTION

The Entrance Examination will have two parts (total 100 marks).

Part A (60 marks): An objective-type, written examination of 90-minute duration, consisting of 30 multiple TRUE/FALSE questions. Each question will have a stem and five responses. The candidate is required to mark each response as either true or false, using only a black or blue ball-point pen. All questions carry equal marks. For each correctly-marked response, 0.2 marks will be awarded. For each incorrectly-marked response, 0.1 mark will be deducted. No marks will be awarded if a response is not marked as either true or false.

Based on the result of Part A examination, candidates will be called for Part B departmental objective examination (in the ratio of 1:5 candidates per seat in each department).

Part B: Departmental objective test 20 Questions total of 40 marks on the basic plus clinical topics of a particular specialty.

In case of tie, In the event of two candidates securing identical total marks, the candidate with higher marks in Part B will be ranked higher and if marks in Part B are also identical then the older candidate will be ranked higher.
